FIRST QUARTER

2013

Live Chuck E. Performance Tips

- Stay hydrated. Drink plenty of water, and do not eat a heavy meal before performing. Stretching is a good idea as well
- Whenever possible, perform with another cast member. They can help you see things you might not and can assist in making the show more exciting.
- When Chuck E.'s voice is singing or speaking, make BIG movements to indicate that his vocals are coming from you.
- Take care of the costume. Hang it up after the performance, and clean as needed.

Happy New Year!

2013 is here and Chuck E. is ready to rock! Hopefully you got through the Holidays without a hitch and are ready to make some magic for our guests. Thank you for a great 2012.

Your First Quarter 2013 Show is here and can start being played immediately. It remains valid for all of January, February & March of 2013. This new show includes some old favorites given a breath of fresh air by Chuck E. and his pals.

New features included in your show are the Live Show countdowns. If you have a Studio C stage, your shows will now start automatically at 25 minutes after each hour. The countdown will alert your guests that Chuck E. will be coming out to perform. Please refer to the enclosed info sheet for more details. Again the automatic feature is only for Studio C locations. If you have a 3-Stage or CEC stage, you also may perform your live shows using the show DVD player instead of your boom box. Simply select the show of your choice off of the DVD menu, and make sure the volume is loud enough to be heard throughout the store. For questions or concerns please contact Michael Hill in the Entertainment Department at 972-258-5613.

Remember, YOU are Chuck E. Cheese to our guests. Thanks for making sure every guest leaves happy. Keep up the good work.

Did you know?

Back in 1977, the name "Chuck E. Cheese" was chosen for our loveable mascot, because you cannot say it without smiling. Try it.
